## **New Contacts for Entry Guidelines Questions**

*Who do I need to call or email if I have questions regarding the Entry Guidelines?*

The Department of State Civil Service (DSCS) is in the process of undergoing several organizational changes within the Data Integrity Unit. As a result of these changes, the Program Assistance Division will be assisting with questions regarding Data Integrity issues related to LaGov HCM.

Agency staff will need to direct any questions they have regarding the LaGov HCM Entry Guidelines to their Program Assistance Coordinators. If you are unsure who the Program Assistance Coordinator is for your agency, please review the DSCS website under the Human Resources Professionals Portals and [Assistance Team Coordinators](#). Your coordinator should be able to assist you in choosing the correct entry into LaGov HCM.
